Center for Special Needs Children

Our mission is to
enhance the quality of life
for people with
special needs caused
by rare genetic disorders.

Molly, Australia

Ezekiel and Nehemiah,
Alaska

Lucas, Ohio

What began as a small clinic in Ohio Amish Country has grown into a globally recognized leader in rare genetic disorders, bringing answers, care, and hope to families from across the nation and around the world.

Enjoy an evening of cocktails, hors d'oeuvres, and conversation, featuring DDC Clinic Medical Director Dr. Heng Wang as he shares the remarkable story of DDC Clinic's impact, groundbreaking research, and vision for the future.
